**E-015- Provision of Subsistence Needs**  
Overlaps with a number of K-Tags

Needs for staff and residents whether they evacuate or shelter-in-place include but not limited to the following:

- Food, water, medical and pharmaceutical supplies
- Alternate sources of energy to maintain the following:
  - Temperatures to protect patient health & safety
  - Temperatures for sanitary storage of provisions
  - Emergency lighting
  - Fire detection, extinguishing and alarm systems
  - Sewage and waste disposal

Should consider subsistence needs of volunteers, visitors and others sheltering at the facility during an event

Facilities certified after 10/1/90- Temps 71 – 81 degrees F  
\*\* Medicare/Medicaid Certification date in front of plan \*\*

---

## Wildfire Smoke

Increase your HVAC exchange rate or MERV rating  
Replace filter with higher filtration abilities  
\* you must stay within the operating parameters of your HVAC system to avoid potential damage or impede HVAC system from working correctly

Deploy free standing HEPA equipped air filtration devices (AFDs)
